Warning

No other applications or methods of use are allowed without prior written approval.

1.0 Approved Application

The Sellstrom/RTC Nomex® lanyard cover provides limited protection for lanyards from heat and abrasion. The cover does not provide extraordinary protection.

The cover is a lanyard accessory and must be used with a shock-absorbing lanyard. It does not provide fall protection. Do not use the cover as a lanyard by itself.

2.0 Installation and Attachment

Read and understand the lanyard instructions provided by the manufacturer before using this product.

lanyard. Inspect the Nomex cover before each use as described below.

Remove the Nomex® cover and inspect the lanyard as instructed in the lanyard instructions before each use. The Nomex cover does not offer extraordinary protection of the

Slide the cover over the lanyard to be used. To attach the cover to the lanyard, fasten the snaps on the cover through the hole in the lanyard snaphook as shown below.

3.0 Inspection

Remove the Nomex® cover and inspect lanyard, as instructed in the lanyard instructions provided by the manufacturer before each use. The lanyard may become damaged beneath the cover. Because the cover does not offer unlimited protection, spatter may have entered under the cover, high temperatures may have damaged the lanyard material, or other physical damage may have occurred. Inspect the Nomex cover before each use for cuts, tears, burns, holes, or any other damage.

Warning

Warning! If damage is found or you have questions or any doubts about the equipment's condition, do not use the equipment. Tag the system "DO NOT USE" and contact SM/RTC Customer Service for advice.

4.0 Maintenance

If the Nomex® cover becomes heavily soiled, it may be laundered with soap and water in any standard washer/dryer. Store in a cool, dry place.

Note: This fabric meets or exceeds NFPA 1975 Standard.
